

Academic Enrichment Grant from AAA—The Auto Club Group

AAA recognizes that the pandemic has made it harder to educate a diverse student population. While administrators and teachers have reacted in remarkable ways to these unprecedented times, we understand that classroom needs continue to evolve. That's why AAA created the 2020 Academic Enrichment Grant.

AAA will provide up to ten \$5,000 grants to K-12 schools in Tennessee to provide funding directly to schools to support learning during COVID-19—whether that's in the classroom, at home, or somewhere in between.

Background: Throughout our 115-year history, AAA has worked with schools to provide a safer environment and educational opportunities for millions of school children. We are honored to continue that tradition through the Academic Enrichment Grant from AAA.

Funding: The Academic Enrichment Grant from AAA will provide up to ten grants in the amount of \$5,000 per school or school district. The funds will be allocated this calendar year but can be spent in 2021. By applying for this grant you agree to public recognition of grant receipt (social media post, press release, check presentation etc.) Funds cannot be used on travel expenses, staff positions, or overtime. The grant must go to a public or private K-12 Tennessee school or district. Multiple schools from the same district may receive the grant and/or a district may apply for the grant to support multiple schools.

Examples of what funds may be used on include, but are not limited to:

- Health & safety products (soap, hand sanitizer, PPE, sneeze guards, etc.)
- Printers for remote teachers
- Professional development
- Books for students to read at home
- School supplies for students
- Virtual aides for teachers and students (backdrop, headset, camera, online resource subscription, etc.)

Important Dates:

Grant Period Opens: Tuesday, **October 27, 2020**

Deadline for Grant Submissions: **Friday, November 20, 2020**

Agencies Notified of Decision: **Friday, December 4, 2020**
