| Average | \$ 130 | \$ 105 | -19% |

The AAA Leisure Travel Index tracks trends in airfares, car rental and hotel rates across the U.S. Airline fares are based on average discounted price for round trip travel in the top 40 U.S. routes. Fares include sales tax, but not fuel surcharges, passenger facility charges or other miscellaneous fees. Most fares require a minimum stay and an advance purchase. Car rental rates are the average lowest intermediate size car daily rate in 20 U.S. locations. Rates do not include sales tax, insurance or other miscellaneous charges. Hotel rates are the average for AAA Three and Two Diamond® rated properties only in 20 U.S. cities. All fares and rates subject to change and inventory availability.

The index is designed to reflect increases or decreases in the price of leisure travel as a whole. Because the index is not adjusted for seasonality, the most significant comparisons should be made from the same month or period of one year to another rather than month to month.
